Yarrow Receives 2009 Entrepreneur of the Year Award from Entrepreneur's Exchange Three Area Entrepreneurs Honored at Circle of Excellence Event

ANNAPOLIS, MD – February 10, 2009... **Yarrow, Chief Entrepreneurial Office of Conscious Toolbox**, was honored as the **Entrepreneur's Exchange 2009 Entrepreneur of the Year** amid colleagues on February 4, 2009 at the monthly network meeting held at the Severn Inn in Annapolis, Maryland.

"Yarrow received three glowing nominations for the Member Entrepreneur of the Year," said **Ann Alsina**, chair of the Circle of Excellence Event and member of the Entrepreneur's Exchange (EE) Board of Directors. Yarrow is also a member of the EE Board of Directors.

Highlights of Yarrow's nominations were her passion for giving back through volunteer service and delivering free community seminars; harnessing the power of 2.0 and internet marketing; and by empowering people through creation and delivery of products and services that support the needs of improving workplace productivity and personal responsibility across America's human capital.

"I am truly honored to be recognized among my peers," said Yarrow. "I am passionate about providing virtual and on-site cutting-edge products and services that help people improve their lives and their businesses."

Yarrow's acceptance speech focused on the "I Can" attitude that is an inherent characteristic of most entrepreneurs. Her early childhood years were her first learning of the "I Can" mindset that was later reinforced by a 60s poem written by Danny Thomas to his daughter Marlo Thomas.

Also honored at the "Circles of Excellence" event by Entrepreneur's Exchange were **Derek Watson, AUP Solutions**, who received the "Rising Star award; and **Paul Reed Smith owner/creator of PRS Guitars**, who received the non-member Entrepreneur of the Year Award. **Bill Campbell**, co-founder & CEO of **CEO Junction** sponsored the awards.
